

## Submission

Please submit completed form to ***macgermany@mathworks.de***

MATLAB Automotive Conference 2018  
(April 17<sup>th</sup>, 2018, Stuttgart)  
[mathworks.de/mac](http://mathworks.de/mac)

Title of your submission (90 characters suggested, 100 character limit)\*

\* = required field

Short abstract (250 character limit)\*

Long abstract (2000 character limit)\*

MathWorks products used\*

Additional products used\*

I would also like to be considered with this submission for

MATLAB EXPO 2018  
(June 26<sup>th</sup>, 2018, Munich)  
[matlabexpo.de](http://matlabexpo.de)

**Presenter information**

Academic Title

Last Name\*

First Name\*

Email\*

Phone\*

Company / University\*

Department / Institute

Co-authors

Short biography\*

Please also fill out the **next** page!

Industries

- Aerospace and Defense
- Automotive
- Biological Sciences
- Biotech and Pharmaceutical
- Chemical and Petroleum
- Communication Devices
- Communication Infrastructure
- Computer Electronics
- Consumer Electronics
- Consumer Goods
- Earth and Ocean Sciences
- Energy Production
- Financial Services
- Food and Beverage
- Industrial Automation & Machinery
- Instrumentation
- Medical Devices
- Metals, Materials and Mining
- Other/Miscellaneous
- Pulp and Paper
- Rail, Ships, & Other Transportation
- Railway Systems
- Semiconductors
- Software and Internet
- Utilities & Energy

Applications

- Computational Biology
- Computational Finance
- Control Systems
- Data Analytics
- Deep Learning
- Digital Signal Processing
- Embedded Systems
- FPGA Design & Co-Design
- Image Processing & Computer Vision
- Internet of Things
- Mechatronics
- Motor & Power Control
- Robotics
- Technical Computing
- Test and Measurement
- Wireless Communications

Capabilities

- Technical Computing
- Data Acquisition
- Data Analysis
- Mathematical Modeling
- Algorithm Development
- Parallel Computing
- Desktop and Web Deployment
- Machine Learning
- System Design & Simulation
- Simulation & Model-Based Design
- Rapid Prototyping
- Physical Modeling
- Discrete-Event Simulation
- Real-Time Simulation and Testing
- Embedded Code Generation
- HDL Code Generation & Verification
- Verification, Validation, & Test
- Technical Services & Consulting

Please select all applicable entries. Further information:
